Memory And Communication Aids For People With Dementia

Synopsis

Based on years of research with people with memory impairments, this practical book describes how to create memory aids - such as memory books, memory wallets, planners, memory boards, and reminder cards - that use simple words and pictures to stimulate communication, support memory, and improve the quality of life of people with dementia and related memory impairments

New to this edition:

- * Full-color photographs
- * Downloadable forms and samples (these will be provided via a link that will be repeated often in the book)
- * New chapter on using technology-based memory aids including talking memory books, iPad apps, and other commercial products (like shutterfly) for creating memory books
- * Chapter 2 through 8 are fully revised and expanded including updated examples/pictures and the addition of sample therapy goals for each area
- * Updated research and resources
