Wit And Wisdom From Poor Richard's Almanack (Dover Thrift Editions)

Synopsis

Hundreds of delightful aphorisms, carefully selected from many issues of Franklin's popular 18th-century publication: "Early to bed and early to rise, makes a man healthy, wealthy, and wise"; "Love your Neighbor; yet don't pull down your Hedge"; "He that lies down with Dogs, shall rise up with fleas" and many more.

Book Information

Series: Dover Thrift Editions

Paperback: 64 pages

Publisher: Dover Publications; unknown edition (May 14, 1999)

Language: English

ISBN-10: 0486408914

ISBN-13: 978-0486408910

Product Dimensions: 5.2 x 0.2 x 8.2 inches

Shipping Weight: 4.2 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 starsÂ See all reviewsÂ (147 customer reviews)

Customer Reviews

So to start, there is a huge problem with this page. If you utilize 's Search Inside feature for this version of the book it is actually showing you the inside of a different copy of Poor Richards Almanack. What you see is definitely not the inside of this book and I'll tell you why later. Another problem with this page is the fact that people are reviewing the content of Poor Richards Almanack and giving you, the consumer, a history lesson on the book. But come on... the content of the book is pretty much a given. If you're not familiar with the Poor Richards Almanack, then it's probably a good idea to check it out from a library before you buy it. You would want to own a copy simply for novelty's sake. So onto the review of the actual product... This is a very poor copy in terms of quality (just like this review). This is just speculation, but it literally appears as if someone from the publisher went to the copy machine with an original copy of the book, pressed the "Enlarge 150%" button, photocopied the entire original book onto larger paper, bound it, put a cover on it, and sold it as the copy you see here. The black space you see on the cover is about the size of the margins within the book. This creates an obnoxious amount of white space around the paragraphs which in

turn makes the book difficult to read. On top of this, some of the pages are slightly crooked. So as I've stated, the content is exactly like the original, but you can easily find a better version than this one. Unless the book was intended for people with impaired vision, there is no reason the original book should have been blown up and placed on 2 inch margins. I would steer clear of this version and find a better one.
