Synopsis

Learn How To Be A Good Stepmom, Mend Broken Hearts And Rekindle Lost Souls with this Step Parenting Book! **** SPECIAL OFFER! 40% OFF! Limited Time Only ****Today only, get this Kindle book for just \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. There are some children who blame their Stepmom or Stepmother for their parent's divorce. Children tend to be like these especially when they feel that there is still hope in their parent's marriage. Being resentful is their way of protecting themselves from further emotional distress after their parent's separation. During this time, strong emotional hiatus arises between the stepmom, the spouse and the children. Instead of riding against the tide, and inflicting more conflict and pain among parties, you need to develop and gain wisdom on how to handle all step parenting issues that will come your way. As a stepmother, there are things you can do to show your support and love to your partner's children and your spouse. The key to a healthy blended family is using the wise counsel in this Step Parenting book, as a partner you have to be sensitive of these children's feelings, especially when you and your partner are planning to add a bundle of joy to your soon to be family. That's why smart step parenting is really essential during these critical situations, because you do not want anyone in the family to feel left out. Everyone should feel accepted and feel a strong sense of belongingness. Good thing this book will help you how to be a good stepmom. Reaching out to these kids won't harm you, in fact there are proven strategies inside this Step parenting book on how you can approach these kids in a friendly and lovingly manner. Being a Stepmom or Stepdad isn't easy, that is why there are Step parent books like this to help you build that long lasting relationship with your step children. In this Step Parenting book you will learn about:

- About Step Families
- Building a Relationship with your Partner's Kids
- Supporting your Spouse and Marriage
- The Biological Parent
- Be a Person
- Discipline
- Blending Families

It's never too late to build relationships with your partner's children, Step Parenting books are proven to increase the relationship of a kid and the Step mother, get to know these kids and let them get to know you, learn lots of ways on how to be a good step mom and live a happier marriage with no complications. Customer Reviews

Step parenting is one of the hardest things I've ever done. It's not easy being a step dad and I didn't know what to do. The author of this book does a great job giving you different techniques and strategies to becoming a great step parent. I feel 100 times more comfortable in my abilities to raise my step son now. Highly recommended

I have been trying to built up a strong relationship with my stepson for the last 3 years when me and my husband moved together into our new apartment with Timmi, his 7 years son. I must admit it was very hard at the begging as he couldnâ™t see me as a mother, he just thought I was his nanny. But thanks to this book I could learn a lot about step parenting and our relationship is much better now. We both learned a lot about the other. Elizabeth Roxas did a great job here! Thanks a lot for your help!

Step-parenting is usually one of those relationships that can either go really well or really bad, so it is very important for persons in such a situation to have a guide to follow. I myself grow up with a

step-mom and it took me a will to adjust to the fact that there was a new â ^mother-likeâ ™. This book has some great tips that I am sure that any new stem parent would appreciate!

Never would I imagine that I would be reading a book about how to be a step mom. I stumbled upon this book, as I had a friend whom was finding ways on the how-to in a systematic approach. So I bought this book and shared with her. I have to say that the content here is practical, as I can see the difference that she has made. Easy to follow book that I recommend for step parenting.

I was having such a difficult time with my step-son, and this book helped me out a lot. I was finally able to develop meaningful methods for connecting and communicating with my step-son. Our relationship has improved drastically, and I feel like he is finally starting to respect me as a mother figure.
