AMAZING!!!! This book is the big sister I wish I had growing up. I had to buy additional copies as a gift, cause every young girls needs this book! There are topics in this book that no one explained to me as a teenager and I so wish they had. Hygiene, Self-Esteem, Social Media Etiquette, Bullying...these are just a few of the topics covered. I'm so grateful for this book and will definitely
share it with every young girl in my life!

I absolutely love this book!!! I have a daughter who is 8 and I am terrified of her becoming a teen. Talking about sex and encouraging self esteem is my biggest concerns. This book has really eased a lot of concerns I had and it touches on so many areas in life that women in general need help in. You need this book in your arsenal to help raise teenage girls!
