Quick & Dirty Highlights

Tap is a new device built on the principles of 's Echo, but smaller, less expensive and infinitely more mobile. Its popularity has led to the publication of several fine guides:

- Tap User Guide: Newbie to Expert in One Hour
- Tap for Beginners: More Than Just
- Tap User Guide May 2016

Each of the three books are advantageous and easy to read brief booklets. I've read each and recommend either of the three, without prejudice. If I prefer one of the three, however, it is this one, because it is offered currently as a free download.

Length: Print, 72 pages.
Target Audience/Genre: People wanting to make quick use of their Tap.
