# The Transcendent Dynamic (Summa Metaphysica Book 3)

Synopsis

Summa Metaphysica proposes a comprehensive andintegrated metaphysical structure â " a new paradigm.Summa I: God and Evil: Religious Man (published 1988)and Summa II: God and Good: Spiritual Man (first launched2005 online) comprise Birnbaumâ ™s Summa Metaphysicaseries. The author has proposed that one fundamentalconcept â " and one fundamental concept alone â " Questfor Potentialâ˘ (recursive to the infinite power) â " ignited â "and drives â " the cosmos â " and the integral infinite divine.Building upon his 1988 treatise, in Summa II: Godand Good: Spiritual Man (17 years later) the authorlays out his overarching metaphysical structure in verysignificantly greater scope, depth, breadth and texture.Summa III: The Transcendent Dynamic: Secular Man offersa metaphysics for â ˆEverymanâ ™ â " de-linked from any spiritualityor religious aspects. It might best be classified as â ˆscientificmetaphysicsâ ™. It Is anchored In a creative finesse of science and logic.Birnbaumâ ™s paradigm is nonâ "linear, as opposed to thelinearity of the great bulk of Western philosophy. It is nonâ "circular, as opposed to the circularity of much of Easternphilosophy. Rather, Birnbaumâ ™s paradigm is what the authorrefers to as a â œspiral/reflexiveâ • dynamic (elucidated in thetext). The author proposes that this Quest for Potentialâ˘ paradigm more elegantly explains the dynamics of the cosmosâ " and of life, in particular â " than alternate propositions.According to Birnbaum, only the full plethora of potentialsâ " and the quest thereof â " could have ignited the cosmos.The combined potentials for love, life, intellectuality,spirituality and, indeed, for an infinitely Perfect Divine,ignited, birthed, nurtured, and projected the cosmosonward on its quest towards infinity. â ˆExtraordinariation,â ™according to the author, is the overarching goal.Thomas Aquinas wrote Summa Theologica c. 1273 within aChristian context. The Summa Metaphysica series, proposingan original, dynamic, overarching, and integrated metaphysics,is crafted within a Jewish context seven hundred years later.
