A Surrendered Life: Finding Freedom, Healing And Hope After Abortion
Statistics reflect as many as 43 percent of women of childbearing age have experienced an abortion. For these individuals, abortion is not about political rhetoric, journalism, or feminist freedoms; it is about a life-changing choice made during a time of crisis that often leaves them facing unexpected emotions and unexplainable behaviors. A Surrendered Life is a faith-based healing journey for those individuals who have experienced an abortion, as well as for their loved ones. Through the transparent personal story of the author, along with men and women from around the nation, the healing has begun. Join Pat and her brave team of writers as she shares her powerful testimony and eight steps to freedom, healing, and hope for those caught in the trap of abortion. This book will help you:

- Examine what God says about abortion.
- Discover eight steps to healing and restoration for yourself or someone you love.
- Identify specific action steps that you can take today that will make a difference in your home, church, or community.

This is an incredible book chronicling Pat Layton’s journey from abortion to healing and redemption through Christ. As Pat shares her journey in her lovely conversational writing style, she also shines
a light on the healing path for women, men and couples who also have the experience of abortion in their lives or in the lives of their loved ones. Included in this heartfelt labor of love are testimonies of many others who also have a desire to see truth and grace applied to this subject of the secrecy of abortion. A must read!
